Widening Advancements for Youth

W-A-Y Michigan 23G Plan of Service

Using funds provided by the Michigan Department of Education's 23G, Michigan Kids-on-Track grant, the District of WAY Michigan plans to use its allocated funds to provide high volume tutoring for students.

Tutoring, defined as supplemental one-on-one or small group instruction, can be a powerful tool for accelerated learning. Tutoring is an effective intervention because tutoring:

- customizes learning to target a student's immediate learning needs.
- provides additional instructional time by aligning the tutoring activities to current classroom activities.
- offers more engagement, rapid feedback, and less distractions in one-on-one and small group environments.
- creates meaningful mentor relationships.

The District will be providing services through a high volume tutoring program through Centric learning.

Parents and/or students who would like more information regarding assistance from the 23G plan of services may contact the program monitor, Mr. James Pack , at james.pack@wayprogram.net or at 313-638-2716.
